

VIRTUAL TOWN HALL ON FILING FOR UNEMPLOYMENT

To help with the increased demand on the unemployment system and the increased volume of your constituent service staff, the Executive Office of Labor and Workforce Development and the Department of Unemployment Assistance will be hosting virtual town hall meetings and will take all who sign up through a step by step process of achieving a successful unemployment claim. They will also be taking questions from claimants across the Commonwealth. Sign up information for the virtual town hall is available at <http://www.mass.gov/unemployment/townhall>. A Spanish language town hall will be held on Tuesday at 9am and additional language town halls shortly thereafter.
